SAFE SCHOOLS TEAM MEETING

Kellie started this meeting with our Safe Schools Team. We review Bullying Prevention and Intervention Plan for 2020-2021. The EA team had put together a survey last year from the students asking where/when the children felt safe, what can be done to change the school environment. A new survey will be done again this year.

We also reviewed the WITS program and how it was incorporated in the daily routines at the school this week

- WITS activities in classes
- WITS pledge
- WITS Stars
- WITS talk on yard and classroom
- In line with 2019-20 survey results
 - students felt comfortable talking to an adult at the school
 - both staff and students would benefit from a refresher on WITS (Walk Away, Ignore, Talk it Out, Seek Help) Program.
